GTS COMMUNICATIONS WINS SECOND NEO SUCCESS AWARD
High-growth, family business earns another top-performance honor

Strongsville, Ohio — GTS Communications, a telecommunications firm specializing in business phone systems and data, voice, and fiber cabling, has won a 2008 NEO Success Award.

Since 1994, *Inside Business* magazine's NEO Success Awards have recognized Northeast Ohio's top public, private, and emerging companies based on revenue and employee growth.

GTS was honored in the private companies category with other winners at an awards luncheon on March 11 at Executive Caterers at Landerhaven.

GTS partners Jerry, Victoria, and Kelli Stallard (right) accepted the award for their company, which has been in business 12 years.

Inside Business publisher Lute Harmon Sr. says standouts like GTS represent the breadth and depth of business in the region, and that their vision and leadership will continue to help bolster Northeast Ohio's prosperity and growth.

Other awards for GTS include three Weatherhead 100 honors, Ernst & Young's Entrepreneur of the Year Finalist, and SBA's Small Business Person of the Year.

"The awards are very nice, but it's what they indicate that matters most. Being a top performer for our clients is our focus, and when we win in that category, business success usually follows for everyone," says Victoria Stallard, GTS co-owner and vice president.
